

South-South Cooperation for More Inclusive and Sustainable Social Protection Systems in the COVID-19 Recovery and Achievement of the 2030 Agenda

12 JULY 2021, 07:30 - 09:00 NY TIME
14:30 - 16:00 BEIRUT TIME

Since the COVID-19 outbreak, global solidarity has emerged as a necessary antidote. The multi-faceted impacts of COVID-19 have made an inclusive and sustainable social protection system a necessity in the COVID and post-COVID eras, particularly for already vulnerable groups. Efforts to revamp social protection systems across regions need to be complemented by a political discussion in order to provide impetus for strengthened and institutionalized exchange of knowledge and expertise among countries in this area. South-South cooperation, as a complement to North-South cooperation, provides a promising framework as one of the effective models of development cooperation, particularly in the Arab region.

On the margins of the 2021 HLPF, UNOSSC and ESCWA are pleased to invite you to a virtual side event to discuss:

- The potential of intra and inter-regional South-South cooperation in advancing more inclusive and sustainable social protection systems in the wake of the COVID-19 crisis and during the Decade of Action; and
- Social protection in the Arab region as a structural entry point for poverty alleviation, reduction of inequality, and building resilience of individuals and societies.

Welcoming remarks and moderation

Ms. Rola Dashti, Executive Secretary, ESCWA
Mr. Adel Abdellatif, Director a.i., UNOSSC

Speakers

H.E. Ms. Nivine El-Kabbag, Minister of Social Solidarity, Egypt
